WLRPCAU

The diagram illustrates a V-shaped structure, likely a wing or a structural component, defined by a series of numbered points (0 to 31) and a shaded gray area. The structure is oriented vertically, with the top of the V at the bottom of the diagram. The points are connected by lines, forming the outline of the structure. A small circle is located at the bottom vertex of the V. The diagram is overlaid on a grid with horizontal and vertical lines. The vertical axis is labeled 'y' at the top. The horizontal axis has labels '-10.00' on the left and '-30.00' on the right. The diagram is titled 'YTDE-100' at the top center. A table of parameters is located on the right side of the diagram.
