This figure displays a spatial plot of points labeled 1 through 15, arranged in a circular pattern around a central point. The plot includes a shaded gray region representing a specific area of interest. A red line segment connects point 1 to point 2. A small circle highlights point 1.

The plot is overlaid on a grid with axes labeled "quoteright" and "Y0ET4". The Y-axis ranges from -133.00 to 168.00, and the X-axis ranges from -600 to 600. The origin is marked with a small circle.

A table in the top right corner provides coordinates and scale factors for several points:
