Figure 1: A detailed diagram of a building's structural layout, showing a large, irregularly shaped structure with a central vertical column and a horizontal base. The structure is divided into several sections, with the central column and base highlighted in light gray. The diagram includes numerous numbered points (1 through 31) and lines (solid green and dashed gray) indicating structural connections and dimensions. The overall shape is reminiscent of a stylized 'T' or a cross-section of a building.

Figure 2: A table of structural data, likely representing the results of a finite element analysis (FEA) or a similar structural simulation. The table lists various structural elements (name), their primary and secondary nodes (p1, p2), the units of measurement, and the scale factor.
